Dear Applicant:

Thank you for your interest in applying for a grant from the California Retirement Management Account (CARMA). We are dedicated to preserving and protecting the quality of life for our horses when their racing careers have ended.

Through a voluntary purse deduction, generous individual donations and fundraising, we are able to assist farms and facilities with their basic needs and help fund programs that place horses in second careers and homes. CARMA provides support for hay and feed, health and veterinary costs, general farm upkeep and more. We also fund capital improvement projects, and education and awareness initiatives on a case by case basis. While we wish every need could be addressed, we are realistic about what it takes to provide a quality retirement environment for our former stars, and therefore have earmarked these funds for horses that have raced at participating track facilities in California.

The application includes a questionnaire and additional financial reporting documents, as well as a signature page that must be included with your completed application. Please review the requirement list carefully to make sure all requested materials are included in your application. Incomplete applications will not be considered.

The grant application will help us determine the best way to address your needs - please be as thorough as possible. CARMA will also be scheduling site visits during the application process. This will give us a chance to meet you, your volunteers and staff, and visit your facilities first hand. The original application and all supporting materials should be submitted to CARMA no later than **September 1, 2016** and should be mailed to the address below. Please retain a copy of the application for your records.

The CARMA board looks forward to working with you to preserve the quality of life of our retired Thoroughbreds. Please feel free to contact me if you have any questions.

Sincerely,

Lucinda Mandella
Executive Director
